

**STATEMENT OF WORK**  
**Contour Orchard and Other Fruit Area (331)**  
**Wyoming**

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work. Planners shall follow and document all the requirements as outlined in the practice standard. The planner shall also follow the specification and job sheet requirements for the practice. Documentation and certification requirements for the practice are also outlined in the NRCS 450-General Manual, Part 407

---

**DESIGN****Deliverables:**

1. Design documents that demonstrate criteria in NRCS practice standard have been met and are compatible with planned and applied practices
  - a. Practice purpose(s) as identified in the conservation plan.
  - b. List of required permits to be obtained by the client
  - c. List all required and/or facilitating practices
  - d. Practice standard criteria-related computations and analyses to develop plans and specifications.
2. Written plans and specifications including drawings and details shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
3. Operation and maintenance plan
4. Certification that the design meets practice standard criteria and comply with applicable laws and regulations, NRCS RUSLE2 program for predicting soil loss by water erosion, and WY-ECS-40B.
5. Design modifications during installation as required

---

**INSTALLATION****Deliverables**

1. Pre-installation conference with client
2. Verification that client has obtained required permits and understands the final designed practice
3. Installation guidance as needed
4. Facilitate and implement required design modifications with client and original designer
5. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation
6. Certification that the installation process and materials meets design and permit requirements, NRCS RUSLE2 program for predicting soil loss by water erosion, and WY-ECS-40B.

---

**CHECK OUT****Deliverables**

1. Certification that the installation meets NRCS standards and specifications and is in compliance with permits, NRCS RUSLE2 program for predicting soil loss by water erosion, and WY-ECS-40B.
2. Progress reporting

---
